Refunds:

Refunds are not available for mastering orders. We do not grant refunds for subscription passes either.

Abuse of XZ1 All Access passes:

We get it, you have a lot to master but don't swarm us with multiple orders a week and use your pass to pay for it. At some point we will start charging you for your orders at increased rates and if it continues, your subscription pass will be suspended with no refunds. Try and limit orders to 1-5 orders per month. This also applies to Powered by XZ1 partnered or distributed labels. If you have a lot of artists needing mastering, this won't be too big of an issue to us. However, if it's only one or two artists swarming us with orders through your subscription. We will ask you to tone it down, suspend your pass, or start charging your artists.
